If the new owner(s) of land classified as current use or designated as forest land wishes to continue the classification or designation, the new owner(s) must sign the last page of this form. A signature is not required if land is transferred to an owner who is an heir or devisee of a deceased owner or transferred by a transfer on death deed and the new owner wants to continue classification or designation. The county assessor must then determine if the land continues to qualify. The county assessor has 15 calendar days, from the date all documentation is received, to determine whether the land will continue to qualify. All new owners must sign before the conveyance is recorded or filed. If the new owner(s) do(es) not desire to continue the classification or designation, all additional tax, interest, and penalty or compensating tax calculated pursuant to RCW 84.34.108 or RCW 84.33.140, will be due and payable by the seller or transferor at the time of sale. 1. OPEN SPACE LAND MEANS EITHER:

- a. any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly; or
- b. any land area, the preservation of which in its present use would: (i) conserve and enhance natural or scenic resources; (ii) protect streams or water supply; (iii) promote conservation of soils, wetland, beaches, or tidal marshes; (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space; (v) enhance recreation opportunities; (vi) preserve historic sites; (vii) preserve visual quality along highway, road, and street corridors or scenic vistas; or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification; or
- c. any land that meets the definition of farm and agricultural conservation land. "Farm and agricultural conservation land" is either; (i) land that was previously classified as farm and agricultural land under RCW 84.34.020(2) that no longer meets the criteria and is reclassified as open space under RCW 84.34.020(1); or (ii) land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and has a high potential for returning to commercial agriculture.

2. FARM AND AGRICULTURAL LAND MEANS EITHER:

- a. any parcel of land or contiguous parcels of land that are 20 or more acres: (i) devoted primarily to the production of livestock or agricultural commodities, for commercial purposes; or (ii) enrolled in the federal conservation reserve program or its successor administered by the United States Department of Agriculture; or (iii) other similar commercial activities as may be established by rule; or

For the purposes listed above, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;
- c. any parcel of land less than five acres devoted primarily to agricultural uses which has produced a gross income equal to fifteen hundred dollars or more per year for three out of the five calendar years preceding the date of application for classification under chapter 84.34 RCW;

"Commercial agricultural purposes" means the use of land on a continuous and regular basis, prior to and subsequent to application for classification or reclassification that demonstrates that the owner or lessee is engaged in and intends to obtain through lawful means, a monetary profit from cash income by producing an agricultural product. In addition, commercial agricultural purposes include the following uses of agricultural land:

- Land, one to five acres which is not contiguous (in this context, means non adjoining/touching) to a classified parcel, that constitutes an integral part of the farming operation being conducted on the land qualifying as “farm and agricultural land.”
 - Land, not to exceed twenty percent of classified land, that has incidental uses compatible with agricultural purposes, and also the land on which appurtenances necessary to the production, preparation or sale of the agricultural products exist in conjunction with the lands producing such products.
